

Financial Policy and Patient Responsibility

Patient Responsibility:

- To understand their insurance policy. Patients should be aware of their benefit coverage including which physician are contracted in their plan, covered and non-covered benefits, authorization requirements such as referrals, and cost share information such as deductibles, co-insurance, and co-pay amounts. If you are not familiar with your plan coverage, we recommend you contact your carrier directly.
- To alert their provider if their insurance carrier requires an authorization for treatment or referral before receiving outside services. Any non-covered services are the financial responsibility of the patient.
- To pay their co-pay at the time of service.
- To pay any deductible and co-insurance amounts not covered by their primary or supplemental insurance.
- To promptly pay any patient responsibility indicated by their insurance carrier.
- To alert the front office of any insurance changes, and to provide us with a current insurance card at each visit.
- To understand that Parker Family Care is NOT a Medicaid provider and therefore cannot legally treat patients on Medicaid, even if it is a secondary policy.

Financial Policy Acknowledgement:

I have read and understood the above financial policy; I understand that, regardless of my insurance claim status or absence of insurance coverage, I am ultimately responsible for the balance on my account for any services rendered. I agree that if my account is referred to a collection agency or attorney, I will be responsible for all costs of collection on my account including any attorney's fees, and any interest on money due. Finally, I attest that I do not have any type of Medicaid coverage.
